RE: Belmont Neighborhood Association Application for Membership
of March 1, 2007

Dear Ms. Arbuckle and Members of The Board—

I write to you again as a member of the Belmont Neighborhood Association ("BNA") Board of Directors and legal liaison for the application process.

In response to our application, a request for information from our President, Diana Souza, of March 9, 2007, and my request of March 16, 2007, we have, to date, received no response or other update on the status of our application to join DHL, or the particulars of the process involved. It has been nearly ninety days since you received our application and DHL has not acknowledged our application in any way.

We are interested in learning the next step in the process so that we may move our application forward in order to better serve our neighborhood. It is our understanding that DHL by-laws mandate the next step is that the names of prospective members be published in the League newsletter prior to the meeting at which their applications are considered. If we are incorrect in this understanding, please let us know the proper procedure.

We would like to know both when the notice of our application is to be published in the DHL newsletter, and at which meeting our application is to be considered so that our representatives may attend the meeting.

We look forward to hearing from you, and are excited to become a member of DHL in our effort to improve our community.

If you have any questions, do not hesitate to contact Diana Souza or myself.

Sincerely,

Stephen A. Melendi

SAM:tgs
